

MLS ENHANCEMENTS

December 2024

"Model Home Not For Sale" added to public remarks

When a model home is input in the MLS but not being offered for sale it must be entered in the 'Model Home Not For Sale' status. The required verbiage of "Model Home Not For Sale" will automatically be added as the first words in the public remarks when in the 'Active-Model Home Not for Sale' status.

Model is still required to be added to the photographs in the MLS to remain compliant with MLS Rules.
