---

RESIDENTIAL REAL ESTATE ACTIVITY IN THE GREAT PLAINS REGIONAL MLS SERVICE AREA

# 2021

# 2021 Annual Report on the Great Plains Regional MLS Housing Market

RESIDENTIAL REAL ESTATE ACTIVITY IN THE GREAT PLAINS REGIONAL MLS SERVICE AREA

**Fervent buyer demand**, driven by pandemic-induced changes to housing needs and preferences, reached extraordinary levels in 2021. The inventory of homes for sale remained low, as home seller activity did not rise proportionally to meet this demand. New construction activity, while strong, remains limited by a combination of material and labor shortages, rising material costs, and a regulatory and operational environment that makes it difficult to scale quickly.

The strong seller's market of 2020 continued and even strengthened in 2021, with inventory levels remaining low and multiple offer situations common across much of the housing market both locally and nationally. Multiple offers again drove prices significantly higher for the year.

**Sales:** Pending sales decreased 4.0 percent, finishing 2021 at 21,695. Closed sales were up 2.5 percent to end the year at 22,051.

**Listings:** Comparing 2021 to the prior year, the number of homes available for sale was lower by 16.2 percent. There were 1,436 active listings at the end of 2021. New listings decreased by 2.9 percent to finish the year at 25,961.

**Prices:** Home prices were up compared to last year. The overall median closed price increased 10.9 percent to \$246,165 for the year. Single Family home prices were up 11.1 percent compared to last year, and Townhouse-Condo home prices were up 8.6 percent.

**Sales by Price Range:** The number of homes sold in the \$130,000 to \$185,999 price range fell 22.9 percent to 3,498 homes. Homes sold in the \$289,000 or More price range were up 25.6 percent to 8,212 homes.

**List Price Received:** Sellers received, on average, 101.3 percent of their original list price at sale, a year-over-year reduction of 1.6 percent.

The 2021 housing market was once again strong both locally and nationally. Inventory shortages and high buyer demand continued to push home prices higher, with multiple offers on a limited number of homes the common theme in most market segments.

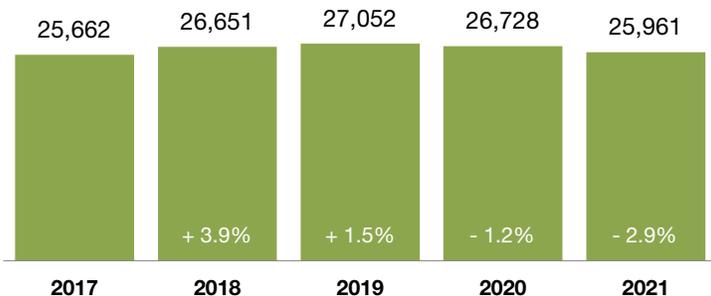

This year looks to continue the trends seen in the last 18 months, pushing home prices higher still. As mortgage rates are likely to continue to rise over the year as well, housing affordability will remain an important factor to watch.
