InfoSparks

This interactive market analytics tool changes the way real estate pros use and share housing information. From area comparisons to customizable variables to trend analysis, you'll love the simplicity of InfoSparks!

Compare

Compare up to four areas by many housing variables and market metrics at once.

Define

Define each variable category for all types, in selectable groups or singularly.

Analyze

Quickly scroll through important market metrics for your defined areas.

Share

Share live charts and snapshots of the market, or download raw data to make your own charts.

MarketStats by ShowingTime

MarketStats is the family of housing market statistical reports created by ShowingTime.

We are pleased to be adding InfoSparks, FastStats, Local Market Updates, Monthly Indicators, the Housing Supply Overview and an Annual Report to our collection of tools.

Local Market Updates are one-page reports for more than 180 predefined individual geographies in the Great Plains market area. Other reports offer analysis, overviews and historical trends for the entire regional housing market.

FastStats

See all MarketStats reports in a clear and concise map-based interface. Select from a simple drop-down menu or an interactive map, then view a detailed report right away!
